

SOUTH-SOUTH (SSC) AND TRIANGULAR COOPERATION (TrC)

Laurent Thomas

Assistant Director-General

Technical Cooperation and Programme Management

FAO

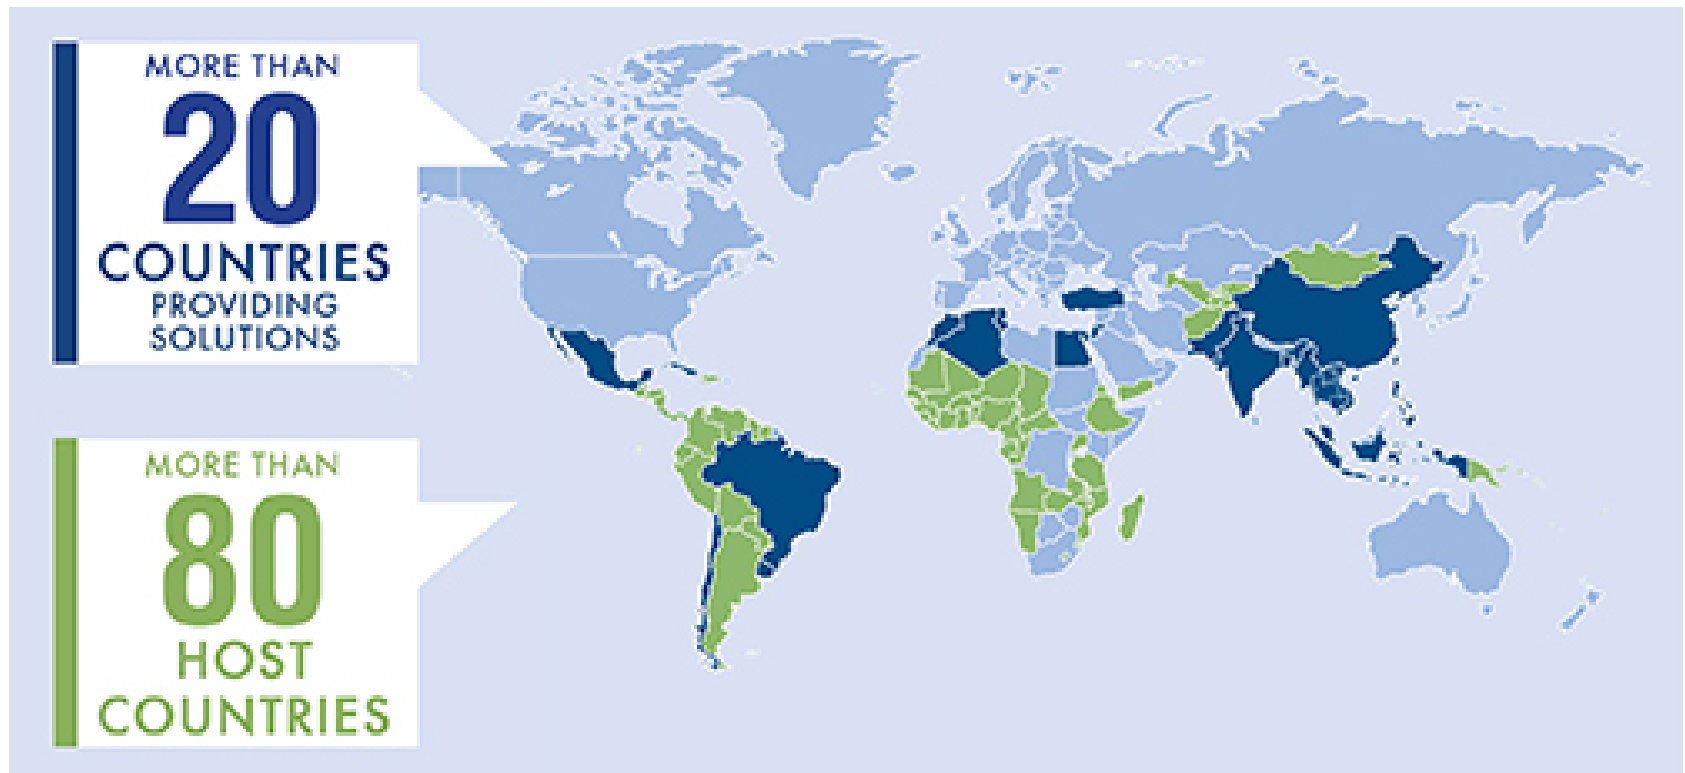

Key Points

- **Southern countries offer development solutions for food and nutrition security, climate change, youth employment, value chain development, etc.**
- **SSC and TrC important elements of SDGs of 2030
Agenda: efficient development approach and effective delivery mechanism**
- **SSC partnerships go beyond development: trade and investment, knowledge and technology transfer, economic growth and employment, etc.**

FAO and SSC/ TrC

- **FAO facilitates SSC and TrC by:**
 - Making connections between demand and supply
 - Providing technical expertise throughout project cycle
 - Ensuring commitments are adhered to
 - Providing support throughout network of field offices
 - Creating visibility, communicating results

Highlights

ACP countries can engage in SSC by:

- 1. Providing Expertise**
- 2. Expressing Needs**
- 3. Ensuring Quality of the SSC Exchange and Raising Visibility**
- 4. Providing Financial or In-kind Resources**
